PROFESIONAL SUMMARY

Motivated Software Developer (Fresher) with practical experience in developing scalable web applications using Django and React. Proficient in REST API development, full-stack integration, and database management with PostgreSQL and MySQL. Detail-oriented and collaborative team player with a strong focus on clean code and real-world problem solving. Aspires to contribute to impactful software products in a growth-oriented organization.

TECHNICAL SKILLS

Programming Languages: Python • JavaScript • SQL • C / C++ • Java • R
Web Frameworks & Technologies: Django • React.js • REST APIs • HTML5 • CSS3 •Tailwind CSS • ORM
Data & Automation Tools NumPy • Pandas • Scikit-learn • BeautifulSoup
Databases: MySQL,PostgreSQL
Developer Tools: Version Control (Git) • GitHub • VS Code •Docker
Cloud : • AWS
Core CS Concepts: Data Structures & Algorithms • Object-Oriented Programming (OOP) • API Integration
Soft Skills: Problem-Solving • Team Collaboration • Communication • Adaptability • Quick Learner • Mentorship

WORK EXPERIENCE

Software Developer Intern — December 2025 - Present
Cyenosure- Enter The Technoverse - Kochi, Ernakulam

- Developed and maintained scalable web applications using React.js and Django
- Designed RESTful APIs and integrated frontend with backend services
- Deployed and managed application components on AWS (EC2, S3), ensuring reliability and performance
- Worked with PostgreSQL/MySQL for database design, data handling, and performance optimization
- Collaborated with cross-functional teams to implement features following clean and maintainable coding practices

Mathematics Tutor - Part-time — October 2025 - Present
Physics Masters

- Taught CBSE Class 10 Mathematics, focusing on core concepts, problem-solving techniques, and exam-oriented preparation
- Helped students improve academic performance through structured practice, doubt clarification, and simplified explanations

Accountant — May 2025 - July 2025
MSR Paper Products & Trade Links -Malappuram

- Taught CBSE Class 10 Mathematics, focusing on core concepts, problem-solving techniques, and exam-oriented preparation
- Helped students improve academic performance through structured practice, doubt clarification, and simplified explanations

EDUCATION

Master of Computer Applications (MCA) — July 2024 - May 2026 (Expected)
Pondicherry University, Puducherry

- Relevant Coursework: Data Structures and Algorithms, Advanced Web Technologies, Database Management, Systems, Object-Oriented Programming, Software Engineering, Cloud Computing.

Bachelor of Science in Mathematics — Sep 2021 - March 2024
University of Calicut, Kerala

- Relevant Coursework: Linear Algebra, Calculus, Statistics and Probability, Discrete Mathematics.

PROJECT

AskPU: An Intelligent Multilingual AI Chatbot - Github Repo — July 2025 - Nov 2025
